Experience

Corjan is a director, highly experienced in building successful consultancy teams.

He has a scientific background as PhD medical-molecular biologist and working experiences in (fundamental) science, bio business and management consultancy. He is an expert in the guidance of innovation projects and securing financing for these projects. He builds bridges and collaborations between public and private parties all over Europe. This facilitates his clients in biotech- and pharmaceutical companies, in healthcare institutes as well as clients in other sectors, to achieve their strategic goals.

From 2003, Corjan has specialized in innovation strategy management and -financing expert for technology and science projects, with a focus on the European Life Sciences & Health sector. Subsidies, grants, funding and tax credits. In his professional service career, Corjan has submitted over 100 EU funding files.
